

MODEL SF-5100 & SF-5110 STAINLESS STEEL WALL MOUNTED FOUNTAIN

Lustrous satin-finish stainless steel satisfies the criteria for cleanliness and easy care in medical centers and office buildings. Push button control located on front panel. Vandal resistant bottom plate and mounting plate are standard. Beveled front with or without back plate.

-FP are frost proof models. It is recommended that a dual check valve backflow prevention be installed in the waterline going to any FP fountain.

Model SF-5100 fountain comes with a back plate.
Model SF-5110 fountain comes without a back plate.
